So enjoyed reading Take a Chance, book 4 of Natalie Ann's Lake Placid series. Great love story about Rene who finds love with Cole, a childhood crush from Rene's childhood visits to her grandmother in Lake Placid. Upon renewing their friendship, Rene and Cole find they have strong feelings for each other. Natalie Ann writes feel good books about people who aren't really ready to take a chance on love and then they meet "the one". In Take a Chance the two characters knew each other as children when Rene and her brother visited their really cool grandmother in Lake Placid. Rene was a book reading, clumsy, shy young girl with a little crush on Cole. So enjoyed reading Take a Chance, book 4 of Natalie Ann's Lake Placid series.
